

The Epilepsy Foundation of North Carolina is available to assist you with finding affordable seizure medications through their patient assistance program. Contact a representative at **800-451-0694**, tell them the medication that you are having difficulty affording and they will help you contact drug companies in order to assist.

The Epilepsy Foundation of NC also has an Epilepsy Medication Fund to assist individuals who do not have insurance and/or are unable to afford seizure medication. Contact them to determine if you qualify for assistance through this fund.
